

PARTNER MANAGEMENT PLATFORM

I want to manage win-win partnerships

Gathering all your marketing channels and partners can be challenging, but it doesn't have to be. With Ingenious, you and your account managers can analyse and optimise your revenue sources on a single platform.

Advertiser configuration

Relationship Management

Partner configuration

Get a clear overview of all your markets

Every business is different. Configure the platform to integrate your brands and markets, so it matches your exact business needs.

Boost the ROI of your partnerships

Be in control of your partners' performance through attribution and commission models, and get the most out of your collaborations.

Connect and empower your strategic partners

Give partners the transparency they need - through powerful, self-serving UIs - so they can perform optimally and independently.

The platform for every step of your journey

Partner payment and advertiser invoicing

What can Ingenious do for you?

Our powerful Partner Management Platform is designed for you to track, manage, analyse and payout your marketing partners - all in one place. This way, you can save resources and focus on improving your ROI.

Technology fee based

We believe in your success. That's why we charge monthly based on your platform usage, not on your business results.

Made in Germany

Founded and operating in Germany, we are proud of our strict data protection policies, as we remain on top of GDPR.

Serviced by experts

Our team consists of online marketing professionals bringing many years of varied experience to the table.

Join these brands and free your team from manual work while keeping control on all your operations now!
